J. W. DEHART,

That "Peaches and Cream" Complexion.

This time the subject is a new toilet cream, PEN-SLAR Buttermilk Cereate.

If it were just "another cream," like nearly all the rest, we wouldn't say anything about it. This space is too expensive to be devoted to common things.

But PENSLAR Buttermilk Cerate is very different from all the rest. It contains about 30 per cent pure, freshly churned dairy buttermilk.

You say that your grandmother's "Peaches-and-Cream" complexion of her girlhood days was the result of daily applications of some buttermilk compound made after her favorite recipe.

Buttermilk Cerate is based on one of these good old recipes, improved and modernized so that it has become still more effective.

And it is so skilfully compounded and delightfully perfumed that it is a real toilet luxury, aside from its value in refreshing, cleansing, beautifying, and nourishing the skin.

It comes in a liberal sized package-your fifty cents buys enough to last a long while; smaller si e in a collapsible tube; 25 cents. If you once examine it, we know that PENSLAR

Buttermilk Cerate will be your favorite, hereafter. __SOLD AND GUARANTEED BY___

TUBULAR BELL CHIME

The Herschede Hall Clock as a timepiece, a tubular chime, and an article of furniture for home, office, or institution, appeals alike to utility, refinement, and musical taste. The perfect movement insures correctness of time; the solid oak or mahogany case, with classic lines, conforms to good taste; and the melodious tubular chimes, sounding the hours and quarters after the peak of Whittington or Westminster, serve as a pleasing reminder of the passing hour. The fifty styles give ample choice in design, size, and price, all showing the moon's phases in the dial arch. TAKING IT TO THE **PEOPLE**

A GREAT deal is being said nowadays thruout this country about taking public problems direct to the people. This is what President Taft and Col. Roosevelt have been doing lately, and what all those interested in great public questions must do more and more as the years go by.

In the forthcoming Chautauqua here many important problems will be discussed. It is impossible for all the people in the United States to attend any one Chautauqua. The Chautauqua must be taken to the people eventually in nearly every county of the land where the population warrants it. The Redpath Bureau under whose direction the Chautauqua in this county is being given this year, is the greatest factor in the world today in this work of carrying a Chautauqua Program to the people. More than 250 Chautauguas are operated under Redpath management and the number is rapidly increasing.

Send word to all your friends to come to our forthcoming Chautauqua. Especially if they have never before attended a Chautauqua program, it will be a revelation to

His work on Sunday was heavier than the average preacher's share. In the early morning he addressed a Sunday school; he followed this with a sermon in the afternoon at the Armory, he paid splendid tribute to the church; at night an audience of men greeted him at the Masonic Theater, where he reiterated the claims of religion upon manhood, and he finished the day by talking to the crowd of down-and-outs assembled in the Hope Rescue Mission. And this last effort was the full story of the day's activities. In the crowded program it got scant justice at the hands of the reporters. When we read the brief account given in the news columns we alght, we had not been the reporter ashance to write that story, if the city ditor had given us swing and space, ould have been worth having.

WILLIAM JENNINGS BRYAN'S ESTIMATE OF THE CHAU-TAUQUA MOVEMENT. [Wrltten by, William Jennings Bryan.]

HE Chantanqua affords one of the best opportunities now presented to the public speaker for the discussion of questions of interest to the people. The audience is a select one and always composed of the thoughtful element of the community, and as they pny admission they stay to hear. I believe that a considerable part of the progress that is now being made along the line of moral and political reforms is traceable to the influence of the Chautauqua. An Increasing number of men of prominence are availing themselves of the Chautauqua platform, and I believe that the number will continue to

Young Women

Read what Cardui did for Miss Myria Engler, of Faribault, Minn. She says: "Let me tell you how much good Cardui has done me. As a young girl, I always had to suffer so much with all kind of pain. Sometimes, I was so weak that I could hardly stand on my feet. I got a bottle of Cardui, at the drug store, and as soon as I had taken a few doses, I began to feel better. Today, I feel as well as anyone can."

Are you a woman? Then you are subject to a large number of troubles and irregularities, peculiar to women, which, in time, often lead to more serious trouble.

A tonic is needed to help you over the hard places, to relieve weakness, headache, and other unnecessary pains, the signs of weak nerves and over-work.

For a tonic, take Cardui, the woman's tonic. You will never regret it, for it will certainly help you. Ask your druggist about it. He knows. He sells it. Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanoogo, Tean,
